Have a special case? We have a solution for every setup!	<input type="checkbox"/>

Vested Networks was Founded in 2016. Vested Networks was built on integrity and transparency. Those 2 things are still the pillars of Vested Networks. Evan and Courtney Huff had a vision of a business telephone service company built on core values and principles that delivers a customer experience second to none. With a background in technology and communications, The owners knew there HAD to be a better way.
